THE UNIVERSITY OF ALBERTA STAFF BULLETIN

EDMONTON 7, ALBERTA

OCTOBER 29, 1970

GALBRAITH HONORED

F. P. GALBRAITH, former Chancellor of the University, will be honored posthumously at Fall Convocation on Saturday, October 31.

The Alumni Golden Jubilee Award, which is presented to those persons who have contributed either directly or indirectly to the welfare of the University, will be accepted by CLARETTA GALBRAITH, his widow.

Dr. Galbraith, who was publisher and editor of the *Red Deer Advocate* for 36 years, attended the University as a student from 1913 to 1915. He served on the Senate from 1948 to 1954, and as Chancellor from 1964 to 1970.

In 1959 he was awarded an honorary Doctor of Laws by The University of Alberta, and in 1968 was awarded the Canadian Centennial Medal.

The inception of the Alumni Golden Jubilee Award in 1958 was to commemorate the University's Silver Anniversary Year. The presentation will be made by NORMAN A. LAWRENCE, President of the Alumni Association.

CONSTRUCTION REPORT

While the Biological Sciences Building is substantially complete and fully inhabited, in all phases but one (the Psychology Wing) there still remain notable deficiencies which must be cleared. It is now from one and one-half to two years beyond the

original contract completion dates for the various parts of the building. In phase I, which houses the Departments of Genetics and Zoology, a year-end inspection brought to light a considerable number of contractual deficiencies, particularly concerning doors, door hardware, and the "walk-ease floor covering." Casework is complete in the Botany and Centre Wings, but controlled environmental chambers still are being installed. The October 15 progress report from the Campus Development Office notes "a water leakage situation" (the occupants probably would have more pungent names for it) through the greenhouse and propagation room floors into the south and north areas of the fourth floor. All deficiencies in the building are being investigated and corrected by the Department of Public Works at the request of the Campus Development Office.

One phase of the utilities services tunnel, phase IIA in the region of the Nurses' Residence and 114 Street, is almost finished, with only portions of the mechanical and electrical contracts remaining. Restoration of 114 Street and the Jubilee Auditorium parking lot is virtually complete, and the interior of the tunnel is receiving its final coat of paint. The other phases of the tunnel in progress now are scheduled for completion in the coming spring and early summer.

Tenders have been received for phases IIIA and IIIB of the services tunnel, and work probably will commence on these projects in

the near future. Phase IIIA will extend from the east end of the Basic Medical Sciences Building down 87 Avenue to 112 Street and the Household Economics Building, thus linking the two parts of phase IIC which are in progress now. Phase IIIB will extend down 112 Street from the Rutherford Library to Saskatchewan Drive and will connect phase IIB which is under construction now with the completed first phase north of the Henry Marshall Tory Building.

Overall progress on the Central Academic Building is good, and the present completion schedule, kitchen area excepted, is for the end of this month. The walkovers to the Cameron Library and the Engineering Building are complete and deficiencies are being cleaned up on the second through sixth floors. Most of the work underway at present is on the main and lower floors.

Although progress is generally good on the Basic Medical Sciences Building, the project is running about eight weeks behind schedule; it is expected to be ready for occupancy about a year hence. The contract for phase II of the building, an additional three floors on top of the six being built now, was awarded October 1 to Cana Construction, the contractor for the original project.

The concrete finishes for the Law Centre now are greatly improved and, though the building still is about two months behind schedule, work is going well.

The contractor for Car Park II has requested an extension of the completion date, now set at December 5, because of the delays caused by poor weather at the beginning of the work. The structure is only about one-third complete at this time, and the present schedule is six weeks behind.

COUNCIL ON STUDENT AFFAIRS

The summary of the minutes was submitted for publication by A. A. RYAN, Provost, Chairman of the Council on Student Affairs.

The Council on Student Affairs was established by the General Faculties Council in 1966 under Section 39(1)(c) of the Universities Act, and been delegated by the GFC all powers of supervision over student affairs, except for disciplinary powers which are delegated to the Deans' Council.

At the meeting of the Council on Student Affairs on Tuesday, October 20, 1970,

the following decisions were taken: (1) That the practice of entering a record of selective "extracurricular activities for which no academic credit is given" on student transcripts of record should conclude with the year 1968-69. (2) That immediate action should be taken to sample freshmen opinion about the activities of Registration Week 1970 so as to assess the value of the week to them, and to encourage better co-ordination of the activities of such sponsoring groups as the Students' Union Freshman Introduction Week Committee (general program), the SCM (the "rock festival"), and the Students' Council (Abbie Hoffman). (3) That the Students' Council be asked to report on the results of the summer trial period when the quorum was reduced to 50 per cent, and on the practice of appointing ad hoc non-elected alternates to Council meetings, and that Students' Council seek legal advice in amending the relevant sections of the Constitution and By-laws of the Union. (4) That a Students' Union By-Law setting up a Committee on Foreign Student Affairs with broad scope be referred back for joint approval by the Union and the Graduate Students' Association, since the majority of foreign students are graduate students. (5) That a recommendation to establish a committee to study stress factors in campus life be passed to GFC.

PEOPLE

■ CHRISTIAN BAY, Professor of Political Science, presented a paper at the recent conference on "Rights and Political Action" sponsored by The American Council of Learned Societies, and the Council for Philosophical Studies. The conference was held at Ripon College in Wisconsin.

■ E. J. H. GREENE, Professor of French and Associate Dean of Arts, has completed his three-year term as member of the Advisory Academic Panel of the Canada Council. In 1969-70 he was Chairman. Exceptionally, he has been asked to serve a fourth year (1970-71) and has accepted. As Past Chairman he will also continue to serve on the Steering Committee of the Panel.

■ W. G. DEWHURST, Associate Professor of Psychiatry, acted as invited chairman in one of the sections of the 7th Congress of the Collegium Internationale Neuro-psychopharmacologicum in Prague, August 11 to 15, and also read a paper on "Comparative assessment of amine theories in affective illness."

■ Several members of the Department of Chemical and Petroleum Engineering presented papers at the annual Canadian Chemical Engineering Conference held in Sarnia, Ontario, October 19 to 21.

D. G. FISHER presented an invited paper entitled "Computer Applications in the Seventies."

I. G. DALLA LANA's paper was entitled "On-line Measurements of Catalytic Reaction Rates."

J. T. RYAN's paper was on "Computer Simulation and Design of Claus Sulphur Plants."

R. K. WOOD presented a paper entitled "Experimental Evaluation of Feedback, Feedforward and Combined Feedforward-Feedback Distillation Column Control." F. D. OTTO and A. E. MATHER also attended the conference.

■ BRUCE W. WILKINSON, Associate Professor of Economics, attended the Pacific Conference in Vina del Mar, Chile, from September 27 to October 3. He was one of two Canadians who participated in the 16-nation conference. He delivered a paper entitled "Economic Co-operation in the Pacific: A Canadian Approach."

■ M. R. LUPUL, Associate Professor of Educational Foundations, was one of several resource persons at the Manitoba Mosaic Congress in Winnipeg, October 13 to 16. He presented two short papers entitled "The Status of Languages in Canada" and "Education and the Status of Languages in Canada" to several language and education seminars, and a major paper to the languages workshop on "A Just Language Policy in A 'Just Society'." The congress was the first of its kind to be held in Canada.

■ L. R. GUE, Associate Professor of Educational Administration, attended the Western Canada Educational Administrators' Conference in Banff, October 8 to 10, accompanying eight students in the Thailand Comprehensive School Project. The students were drawn from the administrative and supervision sections of the Project group.

■ JIM HACKLER, Associate Professor of Sociology, and CAROL URQUHART, graduate student, co-authored a paper entitled "Community Characteristics, the Willingness to Act, and Delinquency," which was presented at the 6th International Congress of Criminology in Madrid, Spain, September 21 to 27.

NOTICES

CONFLICT AND SOCIAL CHANGE

The Department of Extension is sponsoring a five-day residential study of the role of "Conflict in Social Change" at the Overlander Lodge, Jasper, November 15 to 20. An objective of the course is to give leaders of organizations, institutions, and communities undergoing social change a greater awareness of themselves in conflict situations, and guidance in developing constructive ways of handling conflict. The tuition fee is \$70, payable to The University of Alberta. Accommodation fees of \$13 for double occupancy of a cabin, or \$18 for a single, are payable to The Overlander Motor Lodge. Application to the program secures accommodation. Further information may be obtained from MERRIL MC DONALD, Department of Extension, Corbett Hall.

TRANSCENDENTAL MEDITATION

The Students' International Meditation Society holds an informative public lecture on the benefits of transcendental meditation, each Wednesday at 8 p.m. in the Graduate Students' Lounge on the 14th floor of the Tory Building. For further information, contact the SIMS Centre, 11005 - 89 Avenue, at 439-0626.

CHRISTMAS ART FAIR

The Women's Society of the Edmonton Art Gallery will be presenting a Christmas Art Fair (formerly Art Mart) at the Edmonton Art Gallery, November 6, 4 to 9 p.m. Thirty artists will be represented, including local artists and craftsmen, and work will consist of paintings, sculpture, pottery, weaving, batiks, basketwork, jewellery, Christmas decorations, candles, gourmet cooking and boutiques. Entertainment will be given by Sing Out Edmonton. Admission is \$1 (children under 10 admitted free) and tickets are available at the Students' Union Building and the Department of Art.

ARCTIC ENGINEERING

A booklet entitled *Engineering for the Arctic* has been published this month by the Faculty of Engineering. It describes the activities, facilities, and expertise in arctic engineering at The University of Alberta. Copies may be obtained from the office of the Dean of Engineering.

VISITOR TO HOLD SEMINARS

The Center for Advanced Study in Theoretical Psychology has announced that MICHAEL SCRIVEN, Professor of Philosophy at the Berkeley Campus of the University of California, will be a visitor to the campus November 9 to 13. Dr. Scriven will hold five seminars on the topic "New Foundations for the Philosophy of Science." The public is invited to the first seminar session, which will take place at 2 p.m. on November 9, in Room 14-6, Henry Marshall Tory Building.

FLIGHTS TO NEWFOUNDLAND

A brochure exploring the possibility of a charter flight to Newfoundland for the Learned Society Meetings in June, 1971, was initiated by the Canadian Sociology and Anthropology Association and sent to the ten universities in Western Canada. While there was a reasonable response, there did not seem to be enough agreement on dates to consider a charter flight. However, those who are interested in group flights of 25 persons or more could contact DENNIS WARD of Neville Travel Ltd., 433-9494.

PERSONAL NOTICES

Notices must reach the Editor by 9 a.m. the Friday prior to publication. They must be typed, and not exceed 35 words including heading.

FOR SALE—At reduced rate, one fully paid share in the Hillcrest Country Club. 484-5887.

FOR RENT—Three-bedroom bungalow. L-shaped living and dining room, family-type kitchen. Broadloom, rumpus room, kitchen. Ten minutes from University via Quesnell. Available immediately. 435-4137 after 5 p.m.
